Features included on Every Infiniti FX35/FX50 : FX35 FX50

MECHANICAL

Engine

Double overhead cam (DOHC), 4 valves per cylinder with microfinished camshafts. Steel intake and exhaust valves. Continuously Variable Valve Timing Control System (CVTCS) optimizes opening of intake and exhaust valves

Suspension and Steering

Speed-sensitive variable-assist power rack-and-pinion

Turning diameter: 11.2 m (36.7 feet)

Front: Independent double wishbone suspension, Dual Flow Path™ shock absorbers, stabilizer bar

Rear: Independent, multi-link suspension, Dual Flow Path™ shock absorbers, stabilizer bar

Transmission

Electronically controlled 7-speed automatic with Adaptive Shift Control (ASC). Manual shift mode offers sequentially selectable manual gearshifts and Downshift Rev Matching (DRM)

Intelligent All-Wheel Drive (AWD)

Wheels and Tires

Spare tire: Temporary use, T175/90 D18 (Steel wheel on FX35; alloy wheel on FX50)

EXTERIOR

Integrated rear spoiler

High Intensity Discharge (HID) bi-functional Xenon headlights

Integrated front fog lights

LED taillights and centre high-mounted stoplight (CHMSL) offer quicker illumination, lower power consumption and longer life than conventional bulbs

Tinted glass helps to reduce transmission of radiant heat to vehicle's interior

Rear privacy glass

Dual heated power adjustable and folding outside mirrors

Front driver and passenger LED puddle lamps

Speed-sensitive flat-blade wipers

Aluminum roof rails

Rear window intermittent wiper and defroster with timer

Dual chrome exhaust finishers

INTERIOR

Intelligent Key with Illuminated Push Button Ignition

Dual Zone Automatic Climate Control system with microfiltration

Rear-seat heating and cooling vents in centre console and ducts under front seats

Power windows with illuminated switches and front-window one-touch auto-up/down with auto-reverse feature

Power sliding glass moonroof with one-touch auto-open/close, tilt feature and sliding sunshade

Power door locks with auto-locking feature

Retained accessory power for windows and moonroof

12-point sequential Welcome Lighting illuminated entry system

Illuminated visor vanity mirrors

Overhead sunglasses storage

Dual overhead front map lights, rear-seat reading lights

Front seatback map pockets; front door pockets

Dual front and rear cup holders

Front armrest with dual-level storage compartment, 12-volt power outlet and auxiliary input jack

Rear-seat centre armrest with storage compartment

Front and rear carpeted floor mats

Liftgate closing assist

Cargo net and toneau cover

Fine Vision electroluminescent gauges with chrome bezels

Power tilt and telescopic steering wheel

Multi-function trip computer with outside temperature display

Infiniti Controller with 7-inch colour LCD screen for audio, climate-control, fuel economy, maintenance and comfort and convenience features

RearView Monitor²

Integrated digital compass on inside mirror

Cruise control with steering-wheel-mounted switches

Infiniti analog clock

COMFORT AND CONVENIENCE

Quilted leather-appointed seating

Climate-controlled front seats

8-way power driver's seat, including 2-way power lumbar support

8-way power front-passenger's seat

Reclining rear seatbacks

Black piano lacquer interior trim

Leather-wrapped 3-spoke steering wheel and shift knob with aluminum accent

Stainless steel kick-plate with Infiniti logo

60/40-split folding rear seatbacks; includes remote fold-down releases in cargo area

AUDIO

11-speaker Bose® premium audio system with Burr-Brown DAC, AM/FM/CD with MP3 playback capability and Radio Data System (RDS)

Auxiliary audio input jack

XM® Satellite Radio¹

Speed-sensitive volume control

Roof-mounted and in-glass diversity antennas

Steering-wheel-mounted audio controls

SAFETY/SECURITY

Infiniti Advanced Airbag System (AABS) Dual-stage supplemental front airbags with seat belt sensors and an occupant-detection sensor adjust their inflation rate depending on crash severity, seat occupancy and seat belt usage. If the front-passenger's seat is empty, a sensor will deactivate the airbag¹⁰

Front seat-mounted side-impact supplemental airbags¹⁰

Roof-mounted curtain side-impact supplemental airbags with rollover sensor for front and rear-seat outboard occupant head protection¹⁰

Front and rear head restraints. Front-seat active head restraints move forward and upward in certain rear-impact collisions to help reduce whiplash-type injuries

3-point height-adjustable front seat belts with pre-tensioners and load limiters, driver's seat Emergency Locking Retractor (ELR) and passenger's seat ELR and Automatic Locking Retractor (ALR)

3-point rear seat belts with ELR/ALR

LATCH System (Lower Anchors and Tethers for CHildren) helps simplify proper installation of compatible child restraint seats

Slide-away brake pedal assembly moves brake pedal away from the driver in certain frontal collisions

Break-away driveshaft helps maintain the integrity of the passenger compartment in certain collisions

Electronic Brake force Distribution (EBD)

Brake Assist (BA)

4-wheel Anti-lock Braking System (ABS)

Vehicle Dynamic Control (VDC)

Traction Control System (TCS)

Tire Pressure Monitoring System (TPMS)

Remote keyless entry system with selective unlocking of driver's door or all doors with emergency backup key integrated into Intelligent Key

Remote power-opening of front windows; closing via key in exterior door lock

Infiniti Vehicle Immobilizer System with an encoded transponder chip embedded into the electronic key. The engine control computer will not allow the engine to start without the correct transponder signal

Infiniti Intelligent Key® in-dash key port to start vehicle if key fob battery fails

Vehicle Security System sounds alarm if intrusion is detected

Battery saver helps prevent accidental discharging if electrical accessories are left on

¹ XM NavTraffic® is available in select North American markets. In Canada, at time of printing, incident data is available for 3 metropolitan areas of Canada (Vancouver, Toronto and Montreal). Limited flow data is available for Toronto. Subscription sold separately after trial period. Subscriptions subject to customer agreement at xmradioc.ca. Fees and programming subject to change. © 2009 XM Satellite Radio Inc. XM name and XM NavTraffic are registered trademarks of XM Satellite Radio Inc. All other trademarks and channel names are property of their respective owners.

² The RearView Monitor is a convenience but is not a substitute for proper backing procedures. Always turn and check that it is safe to do so before backing up. The RearView Monitor may not detect every object behind you.

³ Factory-installed option. Never program while driving. GPS service may not function properly when satellite reception is weak (see Navigation System owner's manual for details). Mapping may not be detailed in all areas.

⁴ Around View Monitor is a parking aid and cannot completely eliminate blind spots or warn of moving objects. Always check your surroundings before moving the vehicle.

⁵ Intelligent Cruise Control (Full Speed Range) is not a collision avoidance or warning device. Designed to use limited braking. Failure to apply the brakes could result in an accident.

⁶ IBA is not a collision avoidance system. It may not provide warning or braking in certain conditions. Never rely solely on IBA.

⁷ FCW cannot prevent accidents due to carelessness or dangerous driving techniques. Always drive safely.

⁸ The Lane Departure Warning/Lane Departure Prevention systems operate above approximately 72 km/h (45 mph) and only when the lane markings are clearly visible on the road. They will not operate in the rain or prevent loss of control. Driver activation/deactivation switches are provided.

⁹ Distance Control Assist helps maintain a distance to the vehicle in front under certain conditions. Not a collision avoidance system. Failure to apply the brakes could result in an accident.

¹⁰ Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents; see your owner's manual for more details.
