<sup>2</sup>Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone owner's manual for details. Mobile phone not included. See [Infiniti.ca](http://Infiniti.ca) for a list of compatible mobile phones.

<sup>3</sup>Factory-installed option. Never program while driving. GPS service may not function properly when satellite reception is weak (see Navigation System owner's manual for details). Mapping may not be detailed in all areas.

<sup>4</sup>Preview Braking is only an aid to assist the driver and is not a collision warning or avoidance device. It is the driver's responsibility to stay alert, drive safely and be in control of the vehicle at all times.

<sup>5</sup>Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents; see your owner's manual for more details.

<sup>6</sup>VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques or any other reason. Always drive safely.

<sup>7</sup>Tire Pressure Monitoring System is not a substitute for regular tire pressure checks.
